6. Accidental Release Measures:

3/6

6.1. Personal precautions, protective equipment and emergency procedures:

Minimize dust! Use personal protective means, follow the instructions of chapters 7 and 8, do not inhale the dust, avoid excessive contact with skin and eyes.

Avoid further dust distribution, for example by wetting the material.

6.2. Environmental precautions:

Prevent wind dispersal of the loose fibrous dust. Keep away from drainage. Take up by mechanical means.

6.3. Methods and material for containment and cleaning up:

Sweep the spilled dust from the product up carefully or preferably remove using a vacuum cleaner with a suitable filter. Pick up large pieces. Then put this material into labelled containers and dispose - see point No 13. If sweeping up, spray the material first; never use compressed air for cleaning.
